SUMMARY

UX/UI Designer building clear, scalable systems for complex digital products.

- 6+ yrs of experience, 15+ platforms unified under one design system
- Delivered web, mobile, TV and admin tools across enterprise environments
- Helped teams ship faster and stay aligned through better structure and consistency

CORE SKILLS

UX/UI · Design Systems · Figma · User Flows · Wireframing · Prototyping · Web / Mobile / TV
Component Libraries · Token-based UI · Cross-platform · Team Collaboration · AI

EXPERIENCE

Design Systems Designer (Contract)

Private Software Company · May 2025 – Jul 2025 · Dubai

- Refactored and unified design system for internal admin tools
- Introduced token system and usage logic to scale design consistently
- Helped reduce design–dev friction and prepare future product extensions

UX/UI Designer → UX Lead

IVA Technologies · Jun 2021 – May 2025 · Moscow

- Led a unified design system across 15+ products (web, mobile, TV, admin)
- Accelerated delivery and team alignment via reusable components and clear standards
- Expanded product reach with Smart TV and mobile apps for hybrid work and on-the-go use
- Simplified UX for high-load admin panels and secure connection setup

UX/UI Designer

Insider Club · Jun 2020 – Jun 2021 · Remote

- Redesigned crypto onboarding → +4,500 users and \$2.25M in revenue
- Built educational hub to improve product adoption and user trust

EDUCATION

B.A. Graphic Design — Moscow Institute of Economics, 2024

Certificate, UX Research — Yandex Practicum, 2024
